BBA

Bachelor in Business Administration

The business environment is changing all the time. While you cannot predict the future, you can certainly be prepared for it. Organizations increasingly need managers with a broad range of skills, who understand the many areas of business, and know how to get the most from their resources. Employers are looking for people with the intellectual and interpersonal skills that will help them contribute to innovation in the workplace. They require the capacity to think critically, communicate clearly, and solve complex problems.

Thames Bachelor in Business Administration is a 4 years and 8 semester program. The program is offered by School of Business and Technology in affiliation with Faculty of Management, Tribhuvan University. Students are required to complete 120 credit hours of course work and practicum training to graduate.

The program leads to a degree from Tribhuvan University.

What you will study

Core courses cover essential business topics such as marketing, finance, accounting and law, human resources, enterprise, and strategy. Studying these areas will give you a comprehensive understanding and provide you with the necessary acumen to move into almost any area of business.

Student will also participate in General Education Courses that will provide an opportunity to enhance your study skills and broaden your knowledge. These courses will allow you to develop a sense of social responsibility as well as strong intellectual and practical skills that cover all areas of study, such as communication, analytical and problem solving skills, with a demonstrated ability to apply these knowledge and skills in real-world settings.

In the final year, you can opt to specialise in either Marketing or Finance, areas that may interest you and match your career aims. There are also elements of personal development built into the course, which will help you learn about yourself and discover where your strengths lie. By graduation, you will be ready for a successful career in business.

BJM

Bachelor in Journalism and Mass Communication

With the rise in the number of media outlets, the demand for journalists is ever increasing. You will find them practicing strategic communication as they work in advertising, public relations, and marketing and in areas such as development, health care, politics, and entertainment. Thames Bachelors in Journalism, Mass Communication ensures that you develop both broad general knowledge and the specialized knowledge in the area important to journalism. You will not only learn to identify and report news and distinguish between fact and opinion but also learn about ethics, best practices and the role of journalism in the society.

Thames Bachelors in Journalism, Mass Communication is a dual major 3 year, 6 semester program with a second major in Sociology. The program is offered by School of Social Sciences in association with Faculty of Humanities and Social Sciences, Tribhuvan University. Students are required to complete 90 credit hours of course work including practicum training. Students are also required to appear for 14 course examinations which will lead to a Bachelor of Arts degree from Tribhuvan University.

The program is designed in reference with UNESCO's Model Curricula for Journalism Education

What you will study

In line with the School's mission to provide students with broad knowledge of the wider world as well as in-depth study in the specific area of interest, you will study General Education Courses, Core Journalism Courses and Sociology Courses.

You will participate in General Education Courses that will provide an opportunity to enhance your study skills and broaden your knowledge. These courses will allow you to develop a sense of social responsibility as well as strong intellectual and practical skills that cover all areas of study, such as communication, analytical and problem solving skills, with a demonstrated ability to apply these knowledge and skills in real-world settings.

While the Core Journalism courses will teach you how to identify news, how to conduct journalistic research and how to write and report news, the Sociology Courses will provide you with necessary knowledge on how to cover social issues in our own society. You will also learn best practices in the field of journalism and also the role of journalists in the society.

As a part of credited practicum training, you will also have to complete an internship before you graduate.

BSW

Bachelor in Social Work

The recent decades have witnessed a massive upsurge of the voluntary sector in both the developing and the developed world. In the realm of this phenomenon, the need for the human resources that have pragmatic skills to understand and work upon the challenges of this is immense.

Thames Bachelor in Social Work facilitates students in understanding the nature of the rural world through the activities of the voluntary sector. The program integrates the theories and principles of social work with that of rural development, providing in depth knowledge of social challenges in the developing world.

Thames Bachelor in Social Work is a 3 years and 6 semester program with a second major in Rural Development. The program is offered by School of Social Sciences in association with Faculty of Humanities and Social Sciences, Tribhuvan University. Students are required to complete 90 credit hours of course work including practicum training.

Students are also required to appear for 14 course examinations which will lead to a Bachelor of Arts degree from Tribhuvan University.

What you will study

In line with the School's mission to provide students with broad knowledge of the wider world as well as in-depth study in the specific area of interest, you will study General Education Courses, Core Social Work Courses and Core Rural Development Courses.

Core Social Work courses range from Concepts, Principles, and Methodology to Social Work Practices. Core Rural Development Courses includes courses ranging from Approaches, Theories, and Techniques of Rural Development to Economics, Sociology, Environment, Governance and Administration. Studying these areas will give you a comprehensive understanding and provide you with the necessary acumen to move into the development sector.

Students will also participate in General Education Courses that will provide an opportunity to enhance your study skills and broaden your knowledge. These courses will allow you to develop a sense of social responsibility as well as strong intellectual and practical skills that cover all areas of study such as communication, analytical and problem solving skills, with a demonstrated ability to apply these knowledge and skills in real-world settings.

As a part of credited practicum training, BSW students will go for concurrent field work every semester and also have to complete an internship (Block Placement) before they graduate.

University Preparation Program

Thames International College offers University Preparation Program for students pursuing higher education. The University Preparation Program gives you the skills required for academic success – with an emphasis on you becoming an independent learner. You'll also be introduced to life at Thames and will have access to course and career advice to help you make informed decisions about selecting a degree.

University Preparation Program is heavily subsidized for students in line with our vision to become a premier academic institution which will transform the educational approach and raise the benchmark of the education system in Nepal.

Thames University Preparation program equips students to perform well in the admissions tests and interviews for University studies. The program incorporates aspects of CMAT and Focused Group Discussions coupled with training and development opportunities which will prepare students for undergraduate studies at any higher educational institution. Thames also offers full-fledged Mock CMAT Exams throughout the program at its state-of-art IT Center.

CMAT

Central Management Admission Test (CMAT) is conducted by the Faculty of Management at Tribhuvan University. Each applicant of BBA/BBM/BMS/BIM/BHM/BTTM program, affiliated to Tribhuvan University, is required to appear in this test.

CMAT contains one hundred (100) objective questions and has a total weight of 100 marks. The test has four primary areas and each of these areas carry a 25% weightage. Student must secure a minimum of 40% in the CMAT in order to apply for admissions to Tribhuvan University programs. The test includes the following areas:

- Verbal Ability
- Quantitative Ability
- Logical Reasoning
- General Awareness

ELIGIBILITY

Students who have completed 10+2 or equivalent with at least 45% marks can apply for the Thames University Preparation Program.

TIME FRAME

The University Preparation Program will be offered at Thames from May through September.
